November 2008

Message from the President

What A Fantastic Year!

The racing is over and the track is awaiting the first snowfall (those of you so inclined can now moan). Me, I like the snow, and ski season is just around the corner. Yea!!! I've been looking back on the year and I'm really proud of what Spokane Kart Racing Association has accomplished this year.

First thing we had several new people step up into leadership positions. I really want to thank those folks. SKRA cannot survive without the volunteers.

I also want to thank all of the members who came out for work days at the track. Your volunteer help contributes more than you may realize to the success of SKRA.

We also need to thank those folks who volunteered their time, energy, and services to help SKRA promote, maintain, improve or otherwise forward SKRA's mission to support Kart racing In the Inland Northwest.

Finally, a huge thanks to all of the folks, motorcycles and karts, that came out to practice and race, support a family member who races, or to be a spectator. It is really great to have so many families coming out to the track. It proves that Kart Racing is definitely a family sport.

Some things to think about in the next few months; the racing may be over but there are plenty of things on the agenda so that the winter months won't be boring:

1. Officer and board member nominations
2. Rule book revisions
3. Planning and scheduling for 2009 season
4. Awards Banquet
5. Promotional Events (Auto Boat Speed Show, Motor Cycle show, etc)

I want to encourage all SKRA members to get involved. Not every project is a lifetime commitment. If we have different people to help with different projects, then we can get more done without relying on just a few to accomplish the projects.

A great example of a project that was very ambitious is the new family/spectator area. What a great addition to our facility; many hours and lots of sweat and resources made it a reality, but without the efforts of the people who GOT IT DONE, well.... it would not have happened.

Do you have an idea? Want to contribute? Feel involved? Our member meetings are where you can bring you ideas and input for the future of SKRA. I really want to encourage all of our members to become involved. We are a volunteer organization and without the volunteers, moving the organization forward becomes increasingly difficult. Let's make SKRA the best facility with the friendliest welcoming group of members in the region.

My personal thanks to all the people that made SKRA's 2008 season so successful, **well done!**
